

How The Website Works

1. Entry Points

- Home Page: Hero search bar, featured offers, and trending agencies.
- Social Feed: Discovering trips through viral posts or stories.
- Direct Links: Clicking a shared link to a specific 'Tour Details' page.

2. Visitor Journey Steps

- Land: User arrives and sees high-quality imagery + 'Find Tours' toggle.
- Search: User filters by City, Date, or Category (e.g., 'Hiking').
- Evaluate: User checks the Agency's profile and reviews to establish trust.
- Connect: User clicks the 'WhatsApp' button to negotiate with the agency.

3. User Types

- Visitor: Can search, view details. Cannot follow or post.
- Traveler: Can Follow agencies, Save to Wishlist, Post Reviews.
- Agency: Can Publish Offers, Post Stories, Buy Boosts, View Analytics.
- Admin: Verifies agencies, Moderates content, Bans users.

4. Offer Discovery Flow

- Algorithm: Offers are ranked by Agency Tier and Follower Engagement.
- Boosts: Paid offers appear at the top with a 'Sponsored' tag.

5. Redirection & Contact Flow

- The 'Book Now' button is a WhatsApp API Link.
- It pre-fills a message: 'Hello, I am interested in this tour...'
- The negotiation and payment happen on WhatsApp.
